For all the right connections!

The Only Outlet Approved For Use In Wet Locations!

The Bell® FB6006 provides weather-proof, permanent outdoor power!

Four GFCI-protected outlets ensure safety for people and equipment:

Code approved for use in wet locations.

Patented box mount adapter:

Transforms a single device electrical outlet to four outlets. Suitable for almost all siding materials and construction.

Front-oriented wiring compartment:

No need to push wire connections back into a crowded electrical box.

Six-position timer and photocell:

The unit can be set to On, Dusk to Dawn, On at Dusk plus 2, 4 or 6 hours, or off.

*While-in-use protection is an NEC Code requirement (NEC 406.8 (B)) for outdoor outlets in use.

Use it for:

*Landscape Lighting • Security Lighting
Water Gardens Accent Lighting • Holiday Lighting
Patio Power • Extended or Remote Power*

Safe, durable and simple to install – your customers will thank you for giving them power where they need it!
