For all the right connections!

• 1 MatriX-compact gas burner

• 2 Inox-Radial heat exchanger surface

• 3 Control unit with integrated diagnostic system

VISSMANN

New Technology Heats Up Boiler Sales!

The Viessmann VITODENS 200 wall-mounted condensing boiler is one of the best boilers to come out in a long time. Here's why:

- **Maximum Energy Usage With Minimal Emissions – A Clean Way To Save Money For Your Customers!**

Newly developed Inox-Radial heat exchanger surface and the modulating MatriX-compact gas burner make for maximum energy usage with minimum emissions.

- **Small And Quiet – The Flexibility You Need!**

Because of its quiet operation, small size and sealed combustion, the VITODENS 200 can even be installed in living spaces.

- **Easy Start-up and Reliable Ongoing Operation Mean More Satisfied Customers!**

The VITODENS 200's balanced flue design features a self-regulating gas burner and self-calibrating combustion. It works hard and keeps working!

Contact DSG today, and put the future of wall-mounting condensing boilers to work for you!
