HydroHeat®
GEOTHERMAL HIGH EFFICIENCY HEAT PUMP SYSTEMS

The Right Choice For Your Customers Is The Right Choice For Your Bottom Line: Install HydroHeat® Geothermal Heat Pumps!

- **Money-saving design sells itself!**
HydroHeat® can reduce your customers' heating, cooling and domestic water heating bills by 30-60%, on average. HydroHeat®'s exclusive, patented, on-demand domestic water heating can practically cut electric water heating bills in half.
- **95% satisfaction! Your customers will spread the word!**
Surveys reveal that HydroHeat® customers have a higher rate of satisfaction than those who have conventional heating and cooling appliances. Ninety-five percent of all geothermal owners say that because of the comfort, energy savings and safety, they would recommend installing a geothermal system.
- **Indoor installation keeps you out of harsh outdoor elements!**
HydroHeat® units can easily be installed indoors in a closet or mechanical room, keeping you away from extreme environmental conditions and temperatures.

*DSG also stocks pipes, fusion tools, fittings and other equipment.
We have design and layout capabilities for jobs big or small!*

**Call DSG today and introduce customers to
the new energy: HydroHeat®.**
