## Work Smarter, Not Harder With Pump Saver® From SymCom Inc.

The Pump Saver® Model 1SS-105 IS Super Cell has the “smart” features you need for multiple pump applications.

### Safe

Can operate as an intrinsically safe pump control for eight different pumping configurations – Duplex, Triplex, Quadplex and Duplex SPS (Separate Pump Stop) pumping modes are possible.

### Effective

Indicates low, high and out-of-sequence alarms.

### Flexible

Can be set up to do non-alternating control, alternating control and alternating control with one non-alternating pump.

### Practical

Using built-in DIP switches, individual pumps can be disabled when taken out of service for repair or maintenance.

**Call DSG to take advantage of  
Pump Saver® technology  
and make jobs easier and safer today.**
