

# DSG

**DAKOTA SUPPLY GROUP**  
*For all the right connections!*

**Functional  
Devices, Inc.**

## **Faster, More Reliable Installation Starts With *Functional Devices!***

- **Relays** – prepackaged to save you installation time and the expense of buying separate components and assembling them on the job!
- **Current Sensors** – fixed and adjustable models, so whatever the job calls for, you'll have the equipment to get it done!
- **Power Supplies** – LED indicator with circuit breaker/switch on each transformer to let you know if your equipment is working properly!
- **Transformers** – all transformers utilize split-bobbin construction which reduces radiated magnetic fields and interwinding capacitance, eliminating the need for electrostatic shielding!
- **Contactors** – use reduced-power consumption coils that generate less heat and help your customers conserve energy!
- **Enclosures** – most models have an abundance of knockouts and are stackable vertically and horizontally to save your customers space. They come in a variety of sizes for any job!

**More satisfied customers means more repeat business! Put Functional Devices to work for you.
