For all the right connections!

PROLEC

Plug into DSG: Your #1 source for durable, dependable GE-PROLEC transformers!

See us for:

- Three phase padmount transformers – rated from 75kVA through 500kVA with taps and internal switch.
- Single phase pole mount transformers – rated from 10kVA through 100kVA in conventional single and double bushing configurations, as well as completely self protected.
- Single phase padmount transformers – rated from 10kVA through 167kVA.

Most units are in stock throughout the months of March and April in:
Aberdeen • Fargo • Sioux Falls • Williston • St. Paul

Please note that transformer lead times can be lengthy. Depending on what exactly is ordered, delivery can take 40 weeks or more in some situations.
