

## Cooper Makes Lighting Better!

**HALO**<sup>®</sup>  
RECESSED LIGHTING

Halo<sup>®</sup> H3 Recessed Downlighting Is Flexible Enough To Make Even The Toughest Jobs Simple.

- Housings for every type of installation needed that are available for new construction as well as remodel construction.
- Accepts either low voltage MR16 lamps or the new line voltage GU 10 lamps.
- Available in nine different styles.
- High light output with a very small ceiling presence – also coordinates with Halo 4” and 5” families.

## F-Bay 15/18 Series Fluorescent Fixtures Reduce Energy Costs – And Happy Customers Are Repeat Customers.

- Occupancy sensor is available to instantly turn lights on and off, saving more energy.
- White enamel finish improves efficiency and protects from corrosion.
- Two, three and four lamp versions in nominal 4’ and 8’ tandem models.
- Latched retention of optics allows for easy access.
