For all the right connections!

The DURHAM Company

*Committed to Quality and Continuous Improvement*

## Safeguard Important Jobs With Fused Primary Sectionalizing Cabinets From The Durham Company.

Durable, non-corrosive materials last long and stay strong!  
Made from G-90 hot-dipped galvanized steel and stainless steel bolted construction, it's built to stand up to tough conditions and resist corrosion.

Better protection against tampering and pests means fewer maintenance visits!

The three-point locking system with stainless steel penta bolt provides tamper-resistant protection. Not only is the fused sectionalizing cabinet ANSI and RUS approved, it includes an optional varmint floor on the fused side to keep animals out.

Painted to blend into its surroundings and keep your image strong in the community!

Polyester powder-coated paint finish is protective, decorative and attractive.

Plus: S&C, McGraw or GE fuse compatible.

**Get high-strength protection for high-quality work with fused primary sectionalizing cabinets. Call DSG today!**
